EDUCATION

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, NAGPUR

2023 – 2027 (Current)

PROFESSIONAL EXPERIENCE

COINCODECAP

Remote

Product Analysis & Comparison Intern

May 2025 – Aug 2025

- Product Evaluation:** Analyzed and reviewed emerging AI products by studying features, UX, pricing, and target audiences to surface strengths, gaps, and improvement opportunities.
- Competitive Benchmarking:** Conducted feature-by-feature comparisons across competing tools to understand market positioning, product differentiation, and customer value propositions.
- Team Collaboration:** Leveraged **WordPress** and **Trello** to manage content workflows, collaborate with cross-functional teams, and streamline publishing operations.

IDEAL FITNESS CENTRE

On-site

AI Automation Intern

June 2025 – July 2025

- AI Workflow Engineering:** Built end-to-end AI automation pipelines using **n8n**, integrating **Claude**, **ElevenLabs**, and **HeyGen** for automated content generation and delivery.
- Generative AI Systems:** Developed a scalable AI-avatar engine for script generation, voice synthesis, and video creation, reducing manual effort through workflow orchestration and prompt engineering.

TECHNICAL PROJECTS

COASTAL EYE: Real-Time Hazard Monitoring

Technical Product Project

- Product Vision:** Defined the vision for a disaster-response platform connecting coastal communities with local response teams, closing safety gaps via real-time, coordinated crisis response.
- User Journey & Impact:** Mapped the user journey and prioritized features (real-time risk alerts, low-latency reporting) around timely hazard awareness, using citizen feedback loops to drive adoption.

PRODUCT CASE STUDIES

Zomato Group Ordering & Shared Cart

Live Demo

- Discovery & Root Cause:** Reframed the problem from checkout to **coordination cost** via a 6-platform competitive teardown and anchor-persona research; ran a funnel diagnosis, isolating retention and a WhatsApp channel-mismatch as the root cause.
- Prioritization & Business Case:** Scoped an MVP using **RICE** prioritization and impact-effort trade-offs; modeled a bottoms-up GMV/AOV business case on FY25 data, defining a North Star metric and a $\geq 60\%$ cart-completion funnel target.

ZEE5 x FIFA 2026: Six Failures, One Constraint

Live Demo

- Post-Mortem & Unit Economics:** Traced 6 cascading failures to one constraint (kickoff time zones $\rightarrow$ RIO pricing trap $\rightarrow$ hard payroll); benchmarked 3 World Cup cycles and modeled a scenario-based P&L on loss-leader CAC and LTV:CAC.
- Strategy & Retention:** Proposed contextual pricing tiers, a graceful-degradation spec, and a 48-hour crisis playbook; defined a 90-day-retention North Star and a 2026-CAC $\rightarrow$ 2030-LTV lifecycle thesis to protect trust and retention.

Zomato Rating System: The Attribution Engine

Live Demo

- Root Cause & Marketplace:** Diagnosed **telemetry contamination** in a 3-sided marketplace where the rating system misroutes blame (UI decoupling without attribution decoupling); mapped 3 misattribution modes.
- Trust Infra & Monetization:** Proposed an adjudication engine cross-referencing user tags with GPS/timestamp telemetry to route fault accurately; packaged guardrails plus a triangulation-driven zero-CAC Hyperpure B2B lead loop.

SKILLS & TECHNICAL PROFICIENCIES

- Product Management:** Product Strategy, Discovery & Analytics, User & Market Research, Competitive Analysis, Roadmapping, GTM Strategy, KPIs, PRD Writing, A/B Testing, Stakeholder Management. *Tools:* JIRA, Trello, Figma, Miro.
- Technical Proficiency:** JavaScript, Node.js, Express.js, Python, SQL, DBMS.
- AI & Product Development:** Claude Pro, ChatGPT, Prompt Engineering, AI-Assisted Product Development.
- Growth:** Funnel Optimization, Experimentation, SEO, Product Growth, Performance Marketing.

POSITIONS OF RESPONSIBILITY

Corporate Management & Event Curation

IIIT Nagpur

- Artist Management Lead:** Secured and managed **4** leading performers for Abhivyakti, including **Vivek Samtani**, **Rohit Singh**, **Jallosh Band**, and **Nikhil Raj**, overseeing artist outreach, negotiations, budgets, and execution.
- Music Club Lead:** Led Crescendo Music Club, executing **5+ flagship events**, launching **The First Note**, securing **2.5+ lakh** worth of musical instruments and leading IIIT Nagpur's first-ever contingent to IIT Kanpur's Antaragni.
- Corporate Lead:** Contributed to sponsorship outreach and partner acquisition as part of the corporate team that secured **22+ lakh** in revenue from **40+ brands**, supporting stakeholder engagement, sponsor pitching, and partnership execution.

HONORS & ACHIEVEMENTS

- 1st Place, Admads '26 – Marketing & Consumer Strategy
- 1st Place, Admads '25 – Marketing & Consumer Strategy
- 1st Place, Brand Experience '25 – Brand Positioning Challenge
- 1st Place, Street Play '24 – Team Leadership & Storytelling
- Stand-Up Comedy Open Mic Winner, Jodhpur '22
- Opened for **Harsh Gujral** at a Live Show
- Under 25 Campus Student Leader, Zerodha
- 3rd Place, Battle of Bands '24, IIIT Nagpur
